Thanks Jayne. We'd appreciate scheduling a call as soon as possible – even before receiving the written comments if that works for you – so that we have as much lead time as possible to address any concerns. For DEQ, the call should include myself, Greg Aldrich and Randy Trox. Once you decide the general timeframe that works for you, please let Claudia Taylor know and she can give you possible dates and times that work for us. Thanks!

Karen

Hi Karen,

Can you let me know who should be invited and a list of possible dates and times for this call? I am thinking of late February/early March as you will be receiving a written response from us on your recent OSDS submittal within the next two weeks.

Jayne

Hi Jayne –

I'm not certain but I think you were involved in setting up the conf call back in Nov/Dec where EPA/NOAA gave DEQ feedback on our urban guidance submittal. That was very helpful, and we're hoping we could do the same for our onsite submittal. Is that something you could arrange, or could you let me know who I should work with to do that? Thanks!
